

Too Tired (3:40)

(Hillbilly Hämpi)

**When I come home from work in the middle of the night
The day's long gone and I'm feeling tired
You're waiting in your sexy sexy baby doll
But baby let me say I'm too tired too tired
Too tired to Rock'n'Roll**

**Goin' out with you to the Honky Tonk in town
Wanna listen to the music you like to dance round and round
Wanna sit and drink my Whiskey but you like to dance the stroll
But baby let me say I'm too tired, too tired
Too tired to Rock'n'Roll**

*I'm a good lookin' long tall rock'n'roll country man
And believe me when I say honey I'm your biggest fan
You're such a young and restless woman
from the morning 'till late at night
But baby for your daily Rock'n'Roll yeah I'm too tired*

**I love you pretty baby from the bottom of my heart
Baby I hope that we never be apart
I give you all my life and my tender soul
But baby let me say I'm too tired too tired
Too tired to Rock'n'Roll**

*I'm a good lookin' long tall rock'n'roll country man
And believe me when I say honey I'm your biggest fan
You're such a young and restless woman
from the morning 'till late at night
But baby for your daily Rock 'n' Roll yeah I'm too tired*

*But baby let me say I'm too tired too tired
Too tired to Rock'n'Roll*
